DISCUSSION & REFLECTION QUESTIONS

1. What stood out to you from the Scripture and sermon?
2. In the sermon we heard that insufficient faith never moves past love of God's power to love of God Himself. Are you aware of any other things in the Bible that distinguish between sufficient and insufficient faith? If so, what are they?
3. What has God done in your life to reveal the nature of your faith? What have you learned from these experiences that you can share with your group?
4. What do you find present in your emotions and actions when God doesn't use His power on your behalf? How do you talk to God about these things?
5. Are there any opportunities God is giving you right now to trust Him by taking concrete actions? How might that step of trust be a way that God is growing the sufficiency of your faith?
