3. Have you ever had a situation where God's power was moving but you didn't see it at the time? How was it revealed that He was working the whole time?
4. What are some ways God consistently works in your life? What are the patterns that get your attention that He is doing something?
5. Are there any situations in your life right now where you are tempted to stop doing what is right to get relief from the circumstances? What will be the results in the short term and long term for doing so?
