People of Faith

Whatever It Takes to Reach Others | Tony Hunt

DISCUSSION QUESTIONS

1. Looking at 1 Cor. 9:19-23, how did Paul/Timothy approach ministry?
2. How do you relate to those who think differently than you?
3. What's an instance where you had to become "something" other than your normal self in order to connect with someone for the sake of the gospel? When have you stopped short of doing this, and why?
4. Paul says "by all means". Are there limits to this approach? Are there things we shouldn't become for others?
5. Conversely, how much freedom does this give us beyond what we might typically be comfortable with?
6. As a LifeGroup, what implications might this sermon have for our LifeGroup as we aim to interact & love well?
