Applying God's Word

What stands out from this Psalm and what inspired it?

1. What does King David's situation before his sin teach us about avoiding it?
2. How does David's response to his selfish sinful act differ from your response to sin in your own life?
3. Can you share a time when you were tremendously weighed down by sin in your life?
4. What might you change in the way you approach your heavenly Father, based on David's approach to God?
5. What encouraging promises do believers in Jesus have regarding our past rebellion and sin?
6. What are one or two things that you are going to work on to change moving forward?
