## Applying God's Word

---

1. What situations have caused you to question if God is hiding? Do you hear of all the abuse that takes place in various churches and wonder where is God?
2. Television and social media can do a good job of pointing out the evils in our world. But how does merely pointing out evil stop short of a fully Christian understanding of evil? How does Psalm 10 offer us rest in a way that television and social media only offer us rage?
3. In 1 Peter 5:7, we're told to cast all our anxiety on the Lord because he cares for us. Psalm 10 is a good example of how to give anxiety to the Lord and receive his care. What ways this week can you take your cares, and the cares of those around you, to God?
4. In the good news story of Jesus, we read that he died for sins on the cross. We also read that, at the end of time, God will judge those who have not received his forgiveness. How can the truth of a fair and final judgment also be good news?
