2. Of the key elements of the gospel, which are sticking points for your friend? Do you feel you can explain all the gospel's key points?
3. If you don't have relationships with people who don't know Jesus, what choices have you made that have resulted in this situation? What do you need to change?
4. Read Romans 1:5-7. Which key words are used more than once in these verses? What can we learn from this repetition?
5. Which of the gifts of the gospel mentioned in these verses stands out to you? Why?
6. What do you think prevents people at West Shore from committing to Christ-centered relationships through a Life Group? How can we all help everyone see the value of doing so?
