Applying God's Word

1. What effects does light have in the physical world? How is that mirrored in the spiritual world?
2. John 8:12 teaches us that Jesus is the light that produces life. What are ways His light produces life in people?
3. How did you answer the three questions we reflected on at the end of the sermon?
4. What is one way that one of your neighbors or co-workers needs to experience the light of Christ producing life this advent?

Memory Verse: John 8:12

Again Jesus spoke to them, saying, "I am the light of the world. Whoever follows me will not walk in darkness, but will have the light of life."
